Interview with... Mrs. August Hein.

Address.... Sun Prairie, Wisconsin.

Date or interview.... 4-2-36. Personal History:

Mrs. Hein is of German parentage, and has lived in Sun Prairie for about the past thirty years.

She said that as a people the Germans has no festivities or customs which they still kept up, that during the past few years those things had been completely done away with as the people became more woven into the American's ways and customs. She also said that there were so few of the real, old German people left there, and that they had practically forgotten all of the old customs, superstitions, and beliefs; many of them she doubted, if they ever had known them.
